

The story of the Sheep and the Goats in Mathew 25:31-46 gives a clear picture of God's desire for us to help those in desperate need, describing that literally, what you do for your Brother you are doing unto Christ. Our Life Mission is a Christian organization that is establishing an effective means of reaching hurting people with food, education, and other assistance in the Name of Jesus Christ. As a result, an opportunity to share the Good News of eternal life through Jesus is presented. Our Life Missions is currently providing spiritual and physical aid to hurting people in Romania, with the desire to expand to other areas throughout the World.

### **Mission Statement**

**Sharing the hope of Jesus Christ with those who believe they are hopeless.**

### **Vision**

**To leave behind a legacy of love by educating, clothing, feeding, and encouraging those in need and sharing the good news of Jesus.**

### **Strategy**

**Community Outreach Across the World** – Sending teams and partnering with established field missionaries in communities to share the Gospel and meet physical needs by feeding, clothing, adding infrastructure such as clean water wells, and educating. Assessing the communities for Bible study groups and potential church plants.

**Church Planting** – After the growth of community Bible study groups, assessment is made to start a home church. Through prayer, bible study, worship and fellowship; local leadership is developed to lead alongside field missionaries the newly established church. Thus, the Kingdom is multiplied.

**Established Church** – To ultimately support the field missionaries and local leadership to make disciples and maintain the Biblical church. This is accomplished by situationally managing multiple programs such as water baptism, discipleship, bible study, prayer groups, kids programs, after school programs, prison ministry, meeting physical needs of members, etc.

**Assisting You** - Equipping and igniting local churches and their members to share their faith in Jesus Christ throughout the world and to share their material blessings God has entrusted them with. To coordinate and offer an opportunity for church members to join mission teams to travel abroad.

As churches or individual Christians join us with the compassion of Jesus, a fire will spread among the local church as they experience God using them for His will. The ending result will be teams of missionaries, financial support, and a church with a purpose and passion to share Gods love everywhere they go.
